

E-PASSPORT

Your ticket to an entrepreneurial expedition

What is E-Passport?

E-Passport is an individually tailored entrepreneurship experience. This program lets you embark on an entrepreneurship journey outside the classroom with an eye toward taking your business idea from the back of a napkin to reality. With an E-Passport you can expand your network, find mentors, gain knowledge, and understand the entrepreneurial culture that will fuel your business success.

How does it work?

Throughout the year, programs and events with an entrepreneurial focus provide insight into the entrepreneurial mindset and process. E-Passport participants earn points by attending programs and completing entrepreneurship-focused assignments. Participants from all programs and majors can select events that support their entrepreneurial journey or just take a quick cruise into the entrepreneurial world.

What's the catch?

Whether you want to take a quick peek into entrepreneurship or make the full trek from idea to business launch, the key to this program is to simply get involved. ECU is dedicated to providing opportunities for student entrepreneurs and innovators. Our hope is that your idea will become one of eastern North Carolina's next generation of small business success stories.

How do I get on board?

It's easy. Just register online. Use the link below or the QR code. You'll be added to the E-Passport Canvas site where you can find different workshops, events, and assignments to complete to earn points. As you progress through the program, you'll be recognized for your hard work and earn more support for your business idea.
